# **WHAT CAN I DO TO HELP THE 119 DISAPPEARED ?**

- 1- Make yourself aware of the issue. Bring it to the attention of your friends; your family, your political party, your union, your religious organization.**
- 2- Denounce the practice of disappearances in private and in public, help to change the climate of world opinion, so that it is seen by the world as the gross violation of human rights that it is.**
- 3- Put resolutions in your union, political party, write to the press.**
- 4- Write or go to see your MP and ask him/her to ask a question in the House of Commons about whether the United Kingdom will support, and become signatory to the CONVENTION ON FORCED DISAPPEARANCES which FEDEFAM (our world wide organization based in Latin America) is presenting to the United Nations this year.**
